Nuts for You Are Plentiful

Winter is here and so are tons and tons of pecans. The crop this year is 60 percent larger than average.

Chances are that food shoppers will find them attractive buys. They can be used this way: Mashed sweet potatoes; add butter, seasonings and enough orange juice to moisten. Add pecans just before serving. For sweet rolls or coffee cakes, brush dough, rolled about 1/4-inch thick with melted butter; spread with brown sugar and favored spices. Sprinkle generously with pecans.

Roll as for jelly roll. Cut into slices or shape into ring and make slashes one inch apart. Let rise until double in bulk. Bake at 350 degrees. While still warm, drizzle with confectioners' sugar frosting and sprinkle with more chopped nuts. Add about 1/4 cup chopped pecans to butter cake batter before turning into pans to bake.

Use pecans in Nut Bread as follows: Sift together 2 1/2 cups sifted flour, 2 tablespoons sugar, 3 teaspoons baking powder, 1/2 teaspoon salt and 1/2 teaspoon cinnamon. Combine 2 well-beaten eggs with 1 cup milk; blend into dry ingredients, mixing just until smooth. Stir in 1/4 cup salad oil and 1 cup coarsely chopped pecans. Turn into greased loaf pan and let stand 20 minutes. Bake at 350 degrees for 1 hour.
